LinkedIn

PROFESSIONAL SUMMARY

AI and Python-focused postgraduate student pursuing an M.Tech in Artificial Intelligence in Signal Processing at COEP Technological University, with a background in Computer Engineering. Hands-on experience in Python development, machine learning applications, natural language processing, data processing, and AI-powered systems. Familiar with developing intelligent applications using Python, Scikit-learn, BERT, FastAPI, and SQL-based databases. Interested in building practical AI/ML solutions involving predictive modeling, computer vision, NLP, and intelligent data-driven systems.

EDUCATION

COEP Technological University <i>Master of Technology in Artificial Intelligence in Signal Processing</i>	Pune, Maharashtra 2026 – Present
Dr. Babasaheb Ambedkar Technological University <i>Bachelor of Technology in Computer Engineering CGPA: 9.00/10</i>	Lonere, Maharashtra 2022 – 2026
Maharashtra State Board (HSC) <i>Higher Secondary Certificate 59.45%</i>	Parbhani, Maharashtra 2022

TECHNICAL SKILLS

Programming Languages	Python, Java, SQL, JavaScript
Machine Learning	Scikit-learn, XGBoost, Classification, Regression, Model Evaluation, Feature Engineering
AI / Deep Learning	Machine Learning Fundamentals, BERT, Natural Language Processing, Artificial Intelligence
Python Libraries	NumPy, Pandas, Matplotlib, OpenCV
Backend Technologies	FastAPI, Flask, REST API Development
Databases	MySQL, PostgreSQL, MongoDB
Tools	Jupyter Notebook, Git, GitHub, VS Code, PyCharm
Core Competencies	Problem Solving, Algorithmic Thinking, Model Development, Debugging

PROJECTS

PolicyPulse — AI-Powered Sentiment Analysis Platform *Python, BERT, Flask, NLP, Data Visualization*

- Developed an AI-powered sentiment analysis application to classify public opinions and policy-related textual data.
- Worked with a BERT-based natural language processing pipeline to analyze sentiment across 10,000+ data points.
- Integrated machine learning outputs with a Flask-based application for real-time presentation of analytical results.
- Created visualizations for sentiment trends, topic distributions, and word-frequency patterns to support model interpretation.

Wildlife Population Intelligence System *Python, FastAPI, PostgreSQL, Machine Learning*

- Contributing to an AI-powered wildlife monitoring and biodiversity intelligence system.
- Working on Python-based AI workflows, database design, and machine learning-oriented application development.
- Exploring intelligent data processing approaches for wildlife population monitoring and biodiversity analysis.

INTERNSHIP

Infosys Springboard *Remote*
Artificial Intelligence Intern *Jun 2026 – Present*

- Selected for the Infosys Springboard Virtual Internship 7.0.
- Contributing to an AI-powered Wildlife Population Intelligence System using Python, FastAPI, PostgreSQL, and machine learning technologies.
- Working on system architecture, database schema design, and AI-based application workflows.
- Collaborating with mentors and team members to develop practical intelligent systems for wildlife monitoring.

Dream Webies Pvt. Ltd. *Nanded, Maharashtra*
Python Development Intern *Aug 2023 – Sep 2023*

- Developed Python-based scripts for data processing, automation, and application-related tasks.
- Worked with Python, SQL, debugging, and problem-solving in real-world development scenarios.
- Gained practical experience in writing, testing, and improving Python-based solutions.

CERTIFICATIONS & ACHIEVEMENTS

- Python for Data Science** — IBM
- Machine Learning** — NPTEL
- Data Science Bootcamp**

- **Statistics for Data Analysis with Python**
- **LeetCode:** Solved 1,000+ programming problems; earned 100 Days Badge 2025.
- **HackSpectra Hackathon:** 2nd Runner-Up in a 36-hour hackathon.
- **Google Student Ambassador 2025:** Selected as Google Student Ambassador representing Google on campus.

ADDITIONAL INFORMATION

Areas of Interest Artificial Intelligence, Machine Learning, Natural Language Processing, Computer Vision, Intelligent Systems
Relevant Coursework Machine Learning, Data Structures and Algorithms, Database Management Systems, Artificial Intelligence
Languages English, Hindi, Marathi
